Purchase of a Typewriter for Wynne
City Mills

1) Letter No C 3 P 127 / 48 - 49

1) dated 8th Sep 1948 from
the President, City ML of Wynne
furnishing the particulars
called for

12) Submitted with reference
to para 9 supra

JHR
22/9/48 in the several sections of the
City Mill Office
23.9.48

13) The proposal relates to the purchase
of two typewriters & for the purchase
of one at a cost of Rs 750 each

14) It was stated in March 1948
that the typewriters given to the Controller
of the Vice President have been withdrawn
since after the appointment of a ML Commr
Hence the typewriter sanctioned by the ML
cl in their resolution dated 19.2.48 for the
Vice President will be used by the
President as the one that was being
used by the President was taken away

by the municipal commission when
the appointment was newly created

15) on 30th July 1942, it was resolved
that one more typewriter might be
purchased for the use of the vice-president's
office - It is difficult to understand

how it was found necessary to purchase
two typewriters in all when the V.P.

had no work at all. In the letter of
5.7.42 the P.O. has stated that a typewriter was purchased
for the office. It now stated that much

difficulty is being experienced for prompt
despatch of business relating to Head Office
as the work of the vice-president's office
is being left attended to in Head Office
causing much inconvenience & delay

in typing work

16) The above statement are self-evident
dictating that it is difficult
to understand whether two typewriters
are really required or not.

17) It is seen from the statement
that there are as many as
nine typewriters in the Mysore

of HL office as against in some
of rly - which is far bigger than the
frame

18) By a provision using the available
typewriters, it is clearly possible to
get on with the work in the rly the
no available is already too big
the work pertaining of any, to the re-
President's office can be attended to in
the white house section which was
previously under the control of the rly
house cannot have as much work
the other branches in the HL office
it appears as if the need of the
19 situation are merely exaggerated than
- is no necessity to purchase and to even

one more typewriter
2) It may be stated that the financial
condition of the rly is very slender
It can ill afford to spend money in
typewriters and review, as
chairman of the city department
trust board let's place order

purchase a new Remington
typewriter at a cost of Rs 1000/-
As such it is not clear why any more
typewriters should be purchased at all
when especially an all round economy
should be observed in the finances concerned
In the light of the above facts, it
seems that the proposal to purchase a
typewriter maybe vetoed

21) In regard to the other typewriter which
is said to have been purchased for the
President, the P.O. will be asked to
state why he ^{purchased} ~~approved~~ it without
obtaining sanction of Govt in view of
there being so many typewriters
in the ML office already being as the
need is not clear to Govt the
unauthorized expenditure may not be
surcharged for order

M. S. S. S. S.
24/9/48

228/2115

Sanction are already ordered for in anticipation of
 Sanction for future, the Council may be asked not-
 to repeat such purchases

22) From the distribution
 list of the type-writers enclosed
 it appears to be possible
 to have avoided the purchase
 of one more typewriter
 by a judicious readjustment
 of work in various sections
 & by ~~the~~ releasing one
 of the existing typewriters
 for the use of the Vice-
 President

23) But the President states
 that, due to urgency, orders
 have already been placed
 for the supply of ^{one more} type works
 in anticipation of sanction
 this is something like forcing
 the hands of govt.

24) Hence the major

Sir,

In forwarding herewith letter No M3-P 727/47-48 dated the 20th instant of the Commissioner, Mysore City Municipality regarding the purchase of a typewriter I have the honour to state that the Municipal Council in its Resolution No 616 dated the 19th February 1948 sanctioned the purchase of a typewriter for the use of the Vice-President's Section Since the departments given to the control of the Vice-President, have been withdrawn since, after the appointment of a Municipal Commissioner, he may not require a separate typewriter for his office now But the typewriter that was being used by the President is now used by the Municipal Commissioner, so that the President ~~xxx~~ has not any typewriter left for his use Since the latter has to make correspondence with the public, the Departments and the Government, a typewriter is absolutely necessary for his use So the typewriter that is sanctioned by the Municipal Council in the above said resolution will be used by the President In these circumstances I request that early sanction may kindly be communicated for the purchase of a Remington Typewriter In view of the urgency, orders have been placed with the Remington Typewriter Company for the supply of a typewriter
